Update:

At approximately 9:05 PM, I was advised by SBPA (b)(6) (b)(7)(C) of Tucson Sector BORSTAR that his agents had concluded their search after exhausting all available resources. Agents were unable to locate the missing child. The child's mother, (b)(6) (b)(7)(C) contacted the Mexican Consulates Office and will coordinate with them in the event the child is found. (b)(6) (b)(7)(C) will be processed for voluntary return to Mexico along with her son under (b) (7)(E). All agents from the Tucson Station have been made aware of the missing child and will remain on the lookout. PCSO was also made aware and will contact us if anyone matching the description of the child is located.

Search For Missing Child  
(b) (7)(E)

On today's date, December 23, 2009, Supervisory Border Patrol Agent (b)(6) (b)(7)(C) advised that he was in the Three Points, Arizona area with a subject that was claiming her 6 year old daughter, (b)(6) (b)(7)(C) and 9 year old son, (b)(6) (b)(7)(C) are missing. Subject (b)(6) (b)(7)(C) claimed that she was separated from her children when the group she was with ran from Border Patrol Agents during the night.

SBPA (b)(6) (b)(7)(C) immediately notified SBPA (b)(6) (b)(7)(C) at the (b)(6) (b)(7)(C) Station. SBPA (b)(6) (b)(7)(C) was able to determine that (b)(6) (b)(7)(C) son (b)(6) (b)(7)(C) was at the Tucson Sector Coordination Center. A subsequent interview with (b)(6) (b)(7)(C) revealed that he had no idea where or with whom his sister was with when the group ran. (b)(6) (b)(7)(C) will remain at the Tucson Sector Coordination Center until he is re-united with his mother.

BORSTAR Agents working in the area responded to SBPA (b)(6) (b)(7)(C) location on Highway 286 and determined that they would go to MM 42.5 and begin a search there. MM 42.5 is the last known location of the group (b)(6) (b)(7)(C) was traveling with. Efforts to locate this child are being hampered due to heavy rain that fell during the course of the night. Search efforts are on going.

Updates to follow.

Search For Missing Child  
(b) (7)(E)

On today's date, December 23, 2009, Supervisory Border Patrol Agent (b)(6) (b)(7)(C) advised that he was in the Three Points, Arizona area with a subject that was claiming her 6 year old daughter, (b)(6) (b)(7)(C) and 9 year old son (b)(6) (b)(7)(C) are missing. Subject (b)(6) (b)(7)(C) claimed that she was separated from her children when the group she was with ran from Border Patrol Agents during the night.

SBPA (b)(6) (b)(7)(C) immediately notified SBPA (b)(6) (b)(7)(C) at the (b)(6) (b)(7)(C) Station. SBPA (b)(6) (b)(7)(C) was able to determine that (b)(6) (b)(7)(C) son (b)(6) (b)(7)(C) was at the Tucson Sector Coordination Center. A subsequent interview with (b)(6) (b)(7)(C) revealed that he had no idea where or with whom his sister was with when the group ran. (b)(6) (b)(7)(C) will remain at the Tucson Sector Coordination Center until he is re-united with his mother.

BORSTAR Agents working in the area responded to SBPA (b)(6) (b)(7)(C) location on Highway 286 and determined that they would go to MM 42.5 and begin a search there. MM 42.5 is the last known location of the group (b)(6) (b)(7)(C) was traveling with. Efforts to locate this child are being hampered due to heavy rain that fell during the course of the night. Search efforts are on going.

Updates to follow.

MEMORANDUM FOR: Patrol Agents in Charge and  
Unit Supervisors  
Tucson Sector (b)(6) (b)(7)(C)

FROM: [Redacted]  
Chief Patrol Agent [Redacted]

SUBJECT: Disposition in Non-Mandatory Detention Cases  
Voluntary Return Authorization by Second Level Supervisor

(b)(5) (b)(7)(E)

Effective immediately, cases concerning an adult non-juvenile alien will be scrutinized to ensure that the alien is considered for inclusion in one of the Tucson Sector initiatives associated with applying a consequence for illegal entry into the United States. In each case, agents will determine whether the alien is amenable to the mandatory custody and detention requirements under the provisions of the law and the current agency policy. If the alien's case does not meet the mandatory detention requirements, they will be evaluated for processing under one of the Sector consequence initiatives such as Felony Prosecution, Streamline Prosecution, Quick Court, Expedited Removal the Mexico Interior Repatriation Program (MIRP), the Alien Transfer and Exit Program (ATEP), or Operation Against Smuggling Initiative on Safety and Security (OASISS).

In cases where there is a determination that an alien will not be enrolled into one of the Sector consequence initiatives due to humanitarian or family unity reasons, the alien will be evaluated for Expedited Removal and repatriated to Mexico in lieu of a voluntary return. In cases where a voluntary return is considered as the case disposition for humanitarian or other reasons, only the Field Operations Supervisor (FOS) for the shift, or a higher ranking station manager, will assume the responsibility of determining the case disposition and/or authorizing a voluntary return to Mexico. No agent below the rank of FOS will execute a VR to Mexico without authorization from a FOS or higher ranking station manager.

Disposition in Non-Mandatory Detention Cases Voluntary Return Authorization by Second Level Supervisor

All stations will begin to immediately track any case in which a voluntary return was issued in lieu of inclusion of the alien into any other agency or Sector prosecutorial or consequence program. (b) (7)(E)
