About the American Immigration Council:

The American Immigration Council, a 501(c)(3) nonprofit, is a powerful voice in promoting laws, policies, and attitudes that honor our proud history as a nation of immigrants. Through research and policy analysis, litigation and communications, and international exchange, the Council seeks to shape a twenty-first century vision of the American immigrant experience.

Established in 1987, we work to strengthen America by honoring our immigrant history and shaping how America thinks about and acts towards immigrants and immigration.

- We believe that everyone deserves an opportunity to present their immigration claims in a fair and orderly way.
- We hold that our doors must be open to those who come to the United States in search of safety and protection.
- We believe that immigrants strengthen America by bringing skills, talents, and new energy to our economy.
- We believe in honest debates driven by the facts, not fear.
